## DEFINITIONS

# SECTION I

## The Game

## GAME CHARACTERISTICS

Volleyball is a sport played by two teams on a playing court divided by a net. There are different versions available for specific circumstances in order to offer the versatility of the game to everyone.

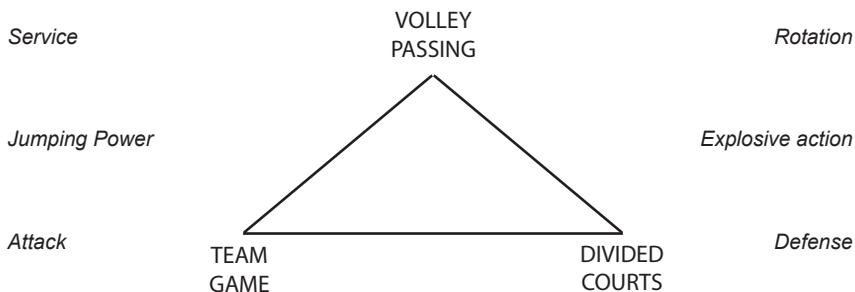

The object of the game is to send the ball over the net in order to ground it on the opponent's court, and to prevent the same effort by the opponent. The team has three hits for returning the ball (in addition to the block contact).

The ball is put in play with a service: hit by the server over the net to the opponents. The rally continues until the ball is grounded on the playing court, goes "out" or a team fails to return it properly.

In Volleyball, the team winning a rally scores a point (Rally Point System). When the receiving team wins a rally, it gains a point and the right to serve, and its players rotate one position clockwise.

**INTRODUCTION**

Volleyball is one of the most successful and popular competitive and recreational sports in the world. It is **fast**, it is **exciting** and the action is **explosive**. Yet volleyball comprises several crucial overlapping elements whose complimentary **interactions** render it unique amongst rally games:

In recent years the FIVB has made great strides in adapting the game to a modern audience.

This text is aimed at a broad volleyball public - players, coaches, referees, spectators, or commentators for the following reasons:

- understanding the rules allows better play - coaches can create better team structure and tactics, allowing players full rein to display their skills;
- understanding the relationship between rules allows officials to make better decisions.

This introduction at first focuses on volleyball as a competitive sport, before setting out to identify the main qualities required for successful refereeing.

**VOLLEYBALL IS A COMPETITIVE SPORT**

Competition taps latent strengths. It exhibits the best of ability, spirit, creativity and aesthetics. The rules are structured to allow all of these qualities. With a few exceptions, volleyball allows **all** players to operate both at the net (in attack) and in the back of the court (to defend or serve).

William Morgan, the game's creator, would still recognize it because volleyball has retained certain distinctive and essential elements over the years. Some of these it shares with other net/ ball/ racquet games:

- service;
- rotation (taking turns to serve);
- attack;
- defence.

Volleyball is, however, unique amongst net games in insisting that the ball is in constant flight – a “flying ball” – and by allowing each team a degree of internal passing before the ball must be returned to the opponents.

The introduction of a specialist defensive player – the Libero – has moved the game forward in terms of rally length and multi-phase play. Modifications to the service rule have changed the act of service from simply a means of putting the ball in play to an offensive weapon.

The concept of rotation is entrenched to allow for all-round athletes. The rules on player positions must permit teams to have flexibility and to create interesting developments in tactics.

Competitors use this framework to contest techniques, tactics and power. The framework also allows players a freedom of expression to enthuse spectators and viewers.

And the image of volleyball is increasingly a good one.

As the game evolves, there is no doubt that it will change – even better, stronger and faster.

### **THE REFEREE WITHIN THIS FRAMEWORK**

The essence of a good official lies in the concept of fairness and consistency:

- to **be** fair to every participant
- to be **viewed** as fair by the spectators.

This demands a huge element of trust – the referee must be trusted to allow the players to entertain:

- by being **accurate** in his/her **judgement**
- **by understanding why the rule is written**
- by being an **efficient organiser**
- by allowing the competition to flow and by **directing** it to a conclusion
- by being an **educator** – using the rules to penalise the unfair or admonish the impolite;
- by **promoting** the game – that is, by **allowing the spectacular** elements in the game to shine and the best players to do what they do best: **entertain** the public.

Finally we can say that a good referee will use the rules to make the competition a fulfilling experience for **all** concerned.

To those who have read so far, view the Rules which follow as the current state of development of a great game, but keep in mind why these preceding few paragraphs may be of equal importance to you in your own position within the sport.

***Get involved!  
Keep the ball flying!***

## CONTENT OF THE RULES

### Chapter One FACILITIES AND EQUIPMENT

#### 1. **PLAYING AREA (*Diagrams 1a, 1b & 2*)** •

The playing area includes the playing court and the free zone. It shall be rectangular and symmetrical.

##### 1.1 **DIMENSIONS**

The playing court is a rectangle measuring 18 X 9 m, surrounded by a free zone which is a minimum of 3 m wide on all sides.

The free playing space is the space above the playing area which is free from any obstructions. The free playing space shall measure a minimum of 7 m in height from the playing surface.

*For FIVB, World and Official Competitions, the free zone shall measure a minimum of 5 m from the sidelines and 8 m from the end lines. The free playing space shall measure a minimum of 12.5 m in height from the playing surface.*

**VOLLEYBALL CANADA** - For new buildings, it is recommended that the free playing space measure a minimum of 9 meters in height from the playing surface. For Canada Games Competitions, it is required that the free playing space measure a minimum of 9 meters in height from the playing surface.

##### 1.2 **PLAYING SURFACE**

1.2.1 The surface must be flat, horizontal and uniform. It must not present any danger of injury to the players. It is forbidden to play on rough or slippery surfaces.

*For FIVB, World and Official Competitions, only a wooden or synthetic surface is allowed. Any surface must be previously approved by the FIVB.*

1.2.2 On indoor courts the surface of the playing court must be of a light colour.

*For FIVB, World and Official Competitions, white colours are required for the lines. Other colours, different from each other, are required for the playing court and the free zone.*

1.2.3 On outdoor courts a slope of 5 mm per metre is allowed for drainage. Court lines made of solid materials are forbidden.

##### 1.3 **LINES ON THE COURT**

1.3.1 All lines are 5 cm wide. They must be of a light and different colour from the floor and from any other lines.

###### 1.3.2 **Boundary lines**

Two sidelines and two end-lines mark the playing court. Both sidelines and end lines are drawn inside the dimensions of the playing court.

###### 1.3.3 **Centre line**

The axis of the centre line divides the playing court into two equal courts measuring 9 X 9 m each; however the entire width of the line is considered to belong to both courts equally. This line extends beneath the net from sideline to sideline.

###### 1.3.4 **Attack line**

On each court, an attack line whose rear edge is drawn 3 m back from the axis of the centre line, marks the front zone.

*For FIVB, World and Official Competitions, the attack line is extended by the addition of broken lines from the sidelines, with five 15 cm short lines 5 cm wide, drawn*

20 cm from each other to a total length of 1.75 m. The “coach’s restriction line” (a broken line which extends from the attack line to the end line of the court, parallel to the side line and 1.75 metres from it) is composed of 15 cm short lines drawn 20 cm apart to mark the limit of the coach’s area of operation.

## **1.4 ZONES AND AREAS**

### **1.4.1 Front zone**

On each court the front zone is limited by the axis of the centre line and the rear edge of the attack line (its width included).

The front zone is considered to extend beyond the sidelines to the end of the free zone.

### **1.4.2 Service zone**

The service zone is a 9 m wide area behind the end line.

It is laterally limited by two short lines, each 15 cm long, drawn 20 cm behind the end line as an extension of the sidelines. Both short lines are included in the width of the service zone.

In depth, the service zone extends to the end of the free zone.

### **1.4.3 Substitution zone**

The substitution zone is limited by the extension of both attack lines up to the scorer’s table.

### **1.4.4 Libero Replacement Zone**

The Libero Replacement Zone is part of the free zone on the side of the team benches, limited by the extension of the attack line up to the end line

### **1.4.5 Warm-up area**

*For FIVB, World and Official Competitions, the warm-up areas, sized approximately 3 X 3 m, are located in both of the bench-side corners of the layouts, outside the free zone (Diagram 1a, 1b).*

### **1.4.6 Penalty area**

A penalty area, sized approximately 1 X 1 m, and equipped with two chairs is located in the control area, outside the prolongation of the end line. They may be limited by a 5 cm wide red line.

## **1.5 TEMPERATURE**

*For FIVB, World and Official Competitions, the maximum temperature shall not be higher than 25° C (77° F) and the minimum not lower than 16° C (61° F).*

The minimum temperature shall not be below 10° C.

## **1.6 LIGHTING**

*For FIVB, World and Official Competitions, the lighting on the playing area should be 1000 to 1500 lux measured at 1 m above the surface of the playing area.*

## **2. NET AND POSTS (Diagram 3)**

### **2.1 HEIGHT OF THE NET**

2.1.1 Placed vertically over the centre line there is a net whose top is set at the height of 2.43 m for men and 2.24 m for women.

**VOLLEYBALL CANADA YOUTH COMPETITION** - 15/16 & under men - 2.35m, 15/16 & under women - 2.20m, 14 & under men - 2.20m, 14 & under women - 2.15m.

2.1.2 Its height is measured from the centre of the playing court. The net height (over the two sidelines) must be exactly the same and must not exceed the official height by more than 2 cm.

## 2.2 **STRUCTURE**

The net is 1 m wide and 9.50 to 10 metres long (with 25 to 50 cm on each side of the side bands), made of 10 cm square black mesh (*Diagram 3*). At its top a horizontal band, 7 cm wide, made of two-fold white canvas is sewn along its full length. Each extreme end of the band has a hole, through which passes a cord fastening the band to the posts for keeping its top taut. Within the band a flexible cable fastens the net to the posts and keeps its top taut.

At the bottom of the net, there is another horizontal band, 5 cm wide, similar to the top band, through which is threaded a rope. This rope fastens the net to the posts and keeps its lower part taut.

## 2.3 **SIDE-BANDS**

Two white bands are fastened vertically to the net and placed directly above each sideline.

They are 5 cm wide and 1 m long, and are considered as part of the net.

## 2.4 **ANTENNAE**

An antenna is a flexible rod, 1.80 m long and 10 mm in diameter, made of fiberglass or similar material.

An antenna is fastened at the outer edge of each side band. The antennae are placed on opposite sides of the net (*Diagram 3*).

The top 80 cm of each antenna extends above the net and is marked with 10 cm stripes of contrasting colour, preferably red and white.

The antennae are considered as part of the net and laterally delimit the crossing space (*Diagram 5, Rule 10.1.1*).

## 2.5 **POSTS**

2.5.1 *For FIVB, World and Official Competitions, the posts supporting the net are placed at a distance of 1 m outside the sidelines.*

The posts supporting the net are placed at a distance of 0.50 - 1.00 m outside the sidelines (*Diagram 3*). They are 2.55 m high and preferably adjustable.

2.5.2 The posts are rounded and smooth, fixed to the ground without wires. There shall be no dangerous or obstructing devices.

## 2.6 **ADDITIONAL EQUIPMENT**

All additional equipment is determined by FIVB regulations.

## 3. **BALLS**

### 3.1 **STANDARDS**

The ball shall be spherical, made of a flexible leather or synthetic leather case with a bladder inside made of rubber or a similar material.

Its colour may be a uniform light colour, or a combination of colours.

  - 5.1.2.2    to ask authorization:
    - a) to change all or part of the equipment,
    - b) to verify the positions of the teams,
    - c) to check the floor, the net, the ball, etc.;
  - 5.1.2.3    In the absence of the coach: to request time-outs and substitutions (*Rule 15.2.1, 15.4, 15.5*).
- 5.1.3      AT THE END OF THE MATCH, the team captain:
  - 5.1.3.1    thanks the referees and signs the scoresheet to ratify the outcome;
  - 5.1.3.2    when it has been notified in due time to the first referee, may confirm and record on the scoresheet an official protest regarding the referee's application or interpretation of the Rules.

## **5.2**      **COACH**

- 5.2.1      Throughout the match, the coach conducts the play of his/her team from outside the playing court. He/she selects the starting line-ups, their substitutes, and takes time-outs. In these functions his/her contacting official is the second referee.
- 5.2.2      PRIOR TO THE MATCH, the coach records or checks the names and numbers of his/her players on the scoresheet, and then signs it.
- 5.2.3      DURING THE MATCH, the coach:
  - 5.2.3.1    prior to each set gives the scorer or the second referee the line-up sheet(s) duly filled in and signed;
  - 5.2.3.2    sits on the team bench nearest to the scorer, but may leave it;
  - 5.2.3.3    requests time-outs and substitutions;
  - 5.2.3.4    may, as well as other team members, give instructions to the players on the court.  
The coach may give these instructions while standing or walking within the free zone in front of his/her team's bench from the extension of the attack line up to the warm-up area, without disturbing or delaying the match.

*For FIVB, World and Official Competitions, the coach is restricted to performing his/her function behind the coach's restriction line.*

## **5.3**      **ASSISTANT COACH**

- 5.3.1      The assistant coach sits on the team bench, but has no right to intervene in the match.
- 5.3.2      Should the coach have to leave his/her team for any reason including sanction, the assistant coach may, at the request of the game captain and with the authorization of the first referee, assume the coach's functions for the duration of the absence.

## *Chapter Three* **PLAYING FORMAT**

### **6. TO SCORE A POINT, TO WIN A SET AND THE MATCH •**

#### **6.1 TO SCORE A POINT**

##### **6.1.1 Point**

A team scores a point:

6.1.1.1 by successfully grounding the ball on the opponent's playing court;

6.1.1.2 when the opponent team commits a fault;

6.1.1.3 when the opponent team receives a penalty.

##### **6.1.2 Fault**

A team commits a fault by making a playing action contrary to the rules (or by violating them in some other way). The referees judge the faults and determine the consequences according to the Rules:

6.1.2.1 if two or more faults are committed successively, only the first one is counted.

6.1.2.2 if two or more faults are committed by opponents simultaneously, a DOUBLE FAULT is called and the rally is replayed.

##### **6.1.3 Rally and completed rally**

A rally is the sequence of playing actions from the moment of the service hit by the server until the ball is out of play. A completed rally is the sequence of playing actions which results in the award of a point.

6.1.3.1 If the serving team wins a rally, it scores a point and continues to serve;

6.1.3.2 If the receiving team wins a rally, it scores a point and it must serve next.

#### **6.2 TO WIN A SET**

A set (except the deciding set) is won by the team which first scores 25 points with a minimum lead of two points. In the case of a 24-24 tie, play is continued until a two-point lead is achieved (26-24; 27-25; ...).

#### **6.3 TO WIN THE MATCH**

6.3.1 The match is won by the team that wins 2 of 3 sets or 3 of 5 sets.

6.3.2 In the case of a 2-2 tie, the deciding set (the 5th) is played to 15 points with a minimum lead of 2 points. There is no point limit.

In a best of 3 match, the deciding set (the 3rd) is played to 15 points with a minimum lead of 2 points. There is no point limit.

#### **6.4 DEFAULT AND INCOMPLETE TEAM**

6.4.1 If a team refuses to play after being summoned to do so, it is declared in default and forfeits the match with the result 0-3 for the match and 0-25 for each set.

6.4.2 A team that, without justifiable reason, does not appear on the playing court on time is declared in default with the same result as in *Rule 6.4.1*.

**VOLLEYBALL CANADA** - Refer to Tournament Rules for Competition-forfeit.

6.4.3 A team that is declared INCOMPLETE for the set or for the match (*Rule 7.3.1*), loses the set or the match. The opponent team is given the points, or the points and the sets, needed to win the set or the match. The incomplete team keeps its points and sets.

## **7. STRUCTURE OF PLAY**

---

### **7.1 THE TOSS**

Before the match the first referee carries out a toss to decide upon the first service and the sides of the court in the first set.

If a deciding set is to be played, a new toss will be carried out.

7.1.1 The toss is taken in the presence of the two team captains.

7.1.2 The winner of the toss chooses:

EITHER

7.1.2.1 the right to serve or to receive the service,

OR

7.1.2.2 the side of the court.

The loser takes the remaining choice.

7.1.3 In the case of consecutive warm-ups, the team that has the first service takes the first turn at the net.

### **7.2 WARM-UP SESSION**

7.2.1 Prior to the match, if the teams have previously had a playing court at their disposal, they are entitled to a 6-minute warm-up period together at the net; if not, they may have 10 minutes.

7.2.2 If either captain requests separate (consecutive) warm-ups at the net, the teams may do so for 3 minutes each or 5 minutes each, according to *Rule 7.2.1*.

### **7.3 TEAM STARTING LINE-UP**

7.3.1 There must always be six players per team in play.  
The team's starting line-up indicates the rotational order of the players on the court. This order must be maintained throughout the set.

7.3.2 Before the start of each set, the coach has to present the starting line-up of his/her team on a line-up sheet. The sheet is submitted, duly filled in and signed, to the second referee or the scorer.

**7.3.3** The players who are not in the starting line-up of a set are the substitutes for that set (except for the **Liberos**). (*Rules 7.3.2, 15.5*)

7.3.4 Once the line-up sheet has been delivered to the second referee or scorer, no change in line-up may be authorized without a regular substitution.

7.3.5 Discrepancies between players' position on court and on the line-up sheet are dealt with as follows:

7.3.5.1 When such a discrepancy is discovered before the start of the set, players' positions must be rectified according to that on the line-up sheet. There will be no sanction.

7.3.5.2 When, before the start of the set, a player on court is found not to be registered on the line-up sheet of that set, this player must be changed to conform to the line-up sheet. There will be no sanction.

7.3.5.3 However, if the coach wishes to keep such non-recorded player(s) on the court, he/she has to request regular substitution(s), which will then be recorded on the scoresheet.

If a discrepancy between player positions and the line up sheet is discovered later, the team at fault must revert to the correct positions.

All points scored by the team from the exact moment of the fault up to the discovery of the fault are cancelled. The opponent's points remain valid and in addition they receive a point and the next service.

## **7.4 POSITIONS**

At the moment the ball is hit by the server, each team must be positioned within its own court in the rotational order (except the server).

7.4.1 The positions of the players are numbered as follows:

7.4.1.1 The three players along the net are front-row players and occupy positions 4 (front-left), 3 (front-centre) and 2 (front-right).

7.4.1.2 The other three are back-row players occupying positions 5 (back-left), 6 (back-centre) and 1 (back-right).

7.4.2 Relative positions between players

7.4.2.1 Each back-row player must be positioned further back from the net than the corresponding front-row player.

7.4.2.2 The front-row players and the back-row players, respectively, must be positioned laterally in the order indicated in *Rule 7.4.1*.

7.4.3 The positions of players are determined and controlled according to the positions of their feet contacting the ground as follows (*Diagram 4*):

7.4.3.1 each front-row player must have at least a part of his/her foot closer to the centre line than the feet of the corresponding back-row player;

7.4.3.2 each right (left) side player must have at least a part of his/her foot closer to the right (left) sideline than the feet of the centre player in that row.

7.4.4 After the service hit, the players may move around and occupy any position on their court and the free zone.

## **7.5 POSITIONAL FAULT**

7.5.1 The team commits a positional fault, if any player is not in his/her correct position at the moment the ball is hit by the server (*Rules 7.3 & 7.4*).

7.5.2 If the server commits a serving fault at the moment of the service hit, (*Rules 12.4 & 12.7.1*), the server's fault is counted before a positional fault.

7.5.3 If the service becomes faulty after the service hit, (*Rule 12.7.2*), it is the positional fault that will be counted.

7.5.4 A positional fault leads to the following consequences:

7.5.4.1 the team will be sanctioned with a point and service to the opponent;

7.5.4.2 players' positions are rectified.

## **7.6 ROTATION**

7.6.1 Rotational order is determined by the team's starting line-up and controlled with the service order and players' positions throughout the set.

7.6.2 When the receiving team has gained the right to serve, its players rotate one position clock-wise: the player in position 2 rotates to position 1 to serve, the player in position 1 rotates to position 6, etc.

## **7.7 ROTATIONAL FAULT**

7.7.1 A rotational fault is committed when the SERVICE is not made according to the rotational order (*Rule 7.6.1*). It leads to the following consequences:

7.7.1.1 the team is sanctioned with a point and service to the opponent (*Rule 6.1.3*);

7.7.1.2 the players' rotational order is rectified (*Rule 7.6.1*).

7.7.2 Additionally, the scorer should determine the exact moment when the fault was committed and all points scored subsequently by the team at fault must be cancelled. The opponent's points remain valid.

If that moment cannot be determined, no point(s) cancellation takes place, and a point and service to the opponent is the only sanction.

## *Chapter Four*

### **PLAYING ACTIONS**

#### **8. STATES OF PLAY** •

##### **8.1 BALL IN PLAY**

The ball is in play from the moment of the hit of the service authorized by the first referee.

##### **8.2 BALL OUT OF PLAY**

The ball is out of play at the moment of the fault which is whistled by one of the referees; in the absence of a fault, at the moment of the whistle.

##### **8.3 BALL "IN"**

The ball is "in" when it touches the floor of the playing court including the boundary lines (*Rule 1.3.2*).

##### **8.4 BALL "OUT"**

The ball is "out" when:

- 8.4.1 the part of the ball which contacts the floor is completely outside the boundary lines;
- 8.4.2 it touches an object outside the court, the ceiling or a person out of play;
- 8.4.3 it touches the antennae, ropes, posts or the net itself outside the side bands;
- 8.4.4 it crosses the vertical plane of the net either partially or totally outside the crossing space, except in the case of *Rule 10.1.2*.
- 8.4.5 it crosses completely the lower space under the net (*Diagram 5*).

#### **9. PLAYING THE BALL** •

Each team must play within its own playing area and space (*except Rule 10.1.2*). The ball may, however, be retrieved from beyond the free zone.

##### **9.1 TEAM HITS**

A hit is any contact with the ball by a player in play.

The team is entitled to a maximum of three hits (*in addition to blocking, Rule 14.4.1*), for returning the ball. If more are used, the team commits the fault of: "FOUR HITS".

The hits of the team include not only intentional hits by the players, but also unintentional contacts with the ball.

###### **9.1.1 Consecutive contacts**

A player may not hit the ball two times consecutively (*except Rules 9.2.3, 14.2 and 14.4.2*).

###### **9.1.2 Simultaneous contacts**

Two or three players may touch the ball at the same moment.

9.1.2.1 When two (three) team-mates touch the ball simultaneously, it is counted as two (three) hits (with the exception of blocking). If they reach for the ball, but only one of them touches it, one hit is counted. A collision of players does not constitute a fault.

9.1.2.2 When two opponents touch the ball simultaneously over the net and the ball remains in play, the team receiving the ball is entitled to another three hits. If such a ball goes "out", it is the fault of the team on the opposite side.

9.1.2.3 If simultaneous hits by two opponents over the net leads to extended contact with the ball, play continues.

9.1.3 **Assisted hit**

Within the playing area, a player is not permitted to take support from a team-mate or any structure/object in order to hit the ball.

However, a player who is about to commit a fault (touch the net or cross the centre line, etc.) may be stopped or held back by a team-mate.

**9.2 CHARACTERISTICS OF THE HIT**

9.2.1 The ball may touch any part of the body.

9.2.2 The ball must be hit, not caught and/or thrown. It can rebound in any direction.

9.2.3 The ball may touch various parts of the body, provided that the contacts take place simultaneously.

Exceptions:

9.2.3.1 At blocking, consecutive contacts may be made by one or more blocker(s) provided that the contacts occur during one action (*Rule 14.1.1 & 14.2*).

9.2.3.2 At the first hit of the team, the ball may contact various part of the body consecutively provided that the contacts occur during one action (*see Rules 9.1, 14.4.1*).

**Volleyball Canada, 16U and younger competitions, receiving serve with an overhand motion using the fingers(volleying/setting the serve) is not permitted**, regardless of the quality of the contact. The first referee will use the "double-contact" signal to indicate this infraction.

**9.3 FAULTS IN PLAYING THE BALL**

9.3.1 FOUR HITS: a team hits the ball four times before returning it (*Rule 9.1*).

9.3.2 ASSISTED HIT: a player takes support from a team-mate or any structure/object in order to reach the ball within the playing area (*Rule 9.1.3*).

9.3.3 CATCH: The ball is caught and/or thrown; is does not rebound from the hit (*Rule 9.2.2*).

9.3.4 DOUBLE CONTACT: a player hits the ball twice in succession or the ball contacts various parts of his/her body in succession (*Rule 9.2.3*).

**10. BALL AT THE NET** •

**10.1 BALL CROSSING THE NET**

10.1.1 The ball sent to the opponent's court must go over the net within the crossing space. The crossing space is the part of the vertical plane of the net limited as follows: (*Diagram 5, Rule 10.2*)

10.1.1.1 below, by the top of the net,

10.1.1.2 at the sides, by the antennae and their imaginary extension,

10.1.1.3 above, by the ceiling.

10.1.2 The ball that has crossed the net plane to the opponent's free zone totally or partly through the external space, may be played back within the team hits, provided that:

10.1.2.1 the opponent's court is not touched by the player;

10.1.2.2 the ball, when played back, crosses the net plane again totally or partly through the external space on the same side of the court.

The opponent team may not prevent such action

10.1.3 The ball that is heading towards the opponent's court through the lower space is in play until the moment it has completely crossed the vertical plane of the net.

## **10.2 BALL TOUCHING THE NET**

While crossing the net, the ball may touch it (*Rule 10.1.1*).

## **10.3 BALL IN THE NET**

10.3.1 A ball driven into the net may be recovered within the limits of the three team hits (*Rule 9.1*).

10.3.2 If the ball rips the mesh of the net or tears it down, the rally is cancelled and replayed.

## **11. PLAYER AT THE NET**

---

### **11.1 REACHING BEYOND THE NET**

11.1.1 In blocking, a blocker may touch the ball beyond the net, provided that he/she does not interfere with the opponents' play before or during the latter's attack hit (*Rules 14.1 & 14.3*).

11.1.2 After an attack hit, a player is permitted to pass his/her hand beyond the net, provided that the contact has been made within his/her own playing space.

### **11.2 PENETRATION UNDER THE NET**

11.2.1 It is permitted to penetrate into the opponent's space under the net, provided that this does not interfere with the opponents' play.

11.2.2 Penetration into the opponent's court, beyond the centre line:

11.2.2.1 To touch the opponent's court with a foot(feet) is permitted, provided that some part of the penetrating foot(feet) remains either in contact with or directly above the centre line.

11.2.2.2 To touch the opponent's court with any part of the body above the feet is permitted provided that it does not interfere with the opponent's play.

11.2.3 A player may enter the opponent's court after the ball goes out of play

11.2.4 Players may penetrate into the opponent's free zone provided that they do not interfere with the opponents' play.

### **11.3 CONTACT WITH THE NET**

11.3.1 Contact with the net by a player is not a fault, unless it interferes with the play. (*Rule 11.4.4, 23.3.2.3c, 24.3.2.3*)

11.3.2 Players may touch the post, ropes, or any other object outside the antennae, including the net itself, provided that it does not interfere with play.

11.3.3 When the ball is driven into the net and causes it to touch an opponent, no fault is committed.

### **11.4 PLAYER'S FAULTS AT THE NET**

11.4.1 A player touches the ball or an opponent in the opponent's space before or during the opponent's attack hit.

11.4.2 A player interferes with the opponent's play while penetrating into the opponent's space under the net.

11.4.3 A player's foot penetrates completely into the opponent's court.

11.4.4 A player interferes with the opponent's play by (amongst others):

- touching the top band of the net or the top 80 cm of the antenna during his/her action of playing the ball, or

- taking support from the net simultaneously with playing the ball, or

- creating an advantage over the opponent, or

- making actions which hinder an opponent's legitimate attempt to play the ball

## **12. SERVICE**

The service is the act of putting the ball into play by the back right player, placed in the service zone (*Rule 12.4.1*).

### **12.1 FIRST SERVICE IN A SET**

- 12.1.1 The first service of the first set, as well as that of the deciding set (the 3rd or 5th) is executed by the team determined by the toss (*Rule 7.1*).
- 12.1.2 The other sets will be started with the service of the team that did not serve first in the previous set.

### **12.2 SERVICE ORDER**

- 12.2.1 The players must follow the service order recorded on the line-up sheet (*Rule 7.3.1 & 7.3.2*).
- 12.2.2 After the first service in a set, the player to serve is determined as follows:
  - 12.2.2.1 When the serving team wins the rally, the player (or his/her substitute) who served before, serves again.
  - 12.2.2.2 When the receiving team wins the rally, it gains the right to serve and rotates before actually serving. The player who moves from the front right position to the back-right position will serve. (*Rule 6,1,3 & 7.6.2*)

### **12.3 AUTHORIZATION OF THE SERVICE**

The first referee authorizes the service after having checked that the two teams are ready to play and that the server is in possession of the ball.

### **12.4 EXECUTION OF THE SERVICE**

- 12.4.1 The ball shall be hit with one hand or any part of the arm after being tossed or released from the hand(s).
- 12.4.2 Only one toss or release of the ball is allowed. Dribbling or moving the ball in the hands is permitted.
- 12.4.3 At the moment of the service hit or take-off for a jump service, the server must not touch the court (the end line included) or the floor outside the service zone. After the hit, he/she may step or land outside the service zone, or inside the court.
- 12.4.4 The server must hit the ball within 8 seconds after the first referee whistles for service.
- 12.4.5 A service executed before the referee's whistle is cancelled and repeated.

### **12.5 SCREENING**

- 12.5.1 The players of the serving team must not prevent their opponent, through individual or collective screening, from seeing the server or the flight path of the ball.
- 12.5.2 A player or group of players of the serving team make a screen by waving arms, jumping or moving sideways, during the execution of the service, or by standing grouped to hide the flight path of the ball. (*see Diagram 6*)

### **12.6 FAULTS MADE DURING THE SERVICE**

#### **12.6.1 Serving faults:**

The following faults lead to a change of service even if the opponent is out of position (*Rule 12.7.1*). The server:

- 12.6.1.1 violates the service order (*Rule 12.2*),
- 12.6.1.2 does not execute the service properly (*Rule 12.4*).

- 12.6.2 **Faults after the service hit:**  
After the ball has been correctly hit, the service becomes a fault (unless a player is out of position) if the ball (*Rule 12.4 & 12.7.2*):
- 12.6.2.1 touches a player of the serving team or fails to cross the vertical plane of the net, completely through the crossing space (*Rules 8.4.4, 8.4.5, 10.1.1*)
  - 12.6.2.2 goes "out" (*Rule 8.4*),
  - 12.6.2.3 passes over a screen (*Rule 12.5*).

## **12.7 SERVING FAULTS AND POSITIONAL FAULTS**

- 12.7.1 If the server makes a fault at the moment of the service hit (improper execution, wrong rotational order, etc.) and the opponent is out of position, it is the serving fault which is sanctioned.
- 12.7.2 Instead, if the execution of the service has been correct, but the service subsequently becomes faulty (goes out, goes over a screen, etc.), the positional fault has taken place first and is sanctioned.

## **13. ATTACK HIT** •

### **13.1 CHARACTERISTICS OF THE ATTACK HIT**

- 13.1.1 All actions which direct the ball towards the opponents, with the exception of service and block, are considered as attack hits.
- 13.1.2 During an attack hit, tipping is permitted only if the ball is cleanly hit, and not caught or thrown.
- 13.1.3 An attack hit is completed the moment the ball completely crosses the vertical plane of the net or is touched by an opponent.

### **13.2 RESTRICTIONS OF THE ATTACK HIT**

- 13.2.1 A front-row player may complete an attack hit at any height, provided that the contact with the ball has been made within the player's own playing space (*except Rule 13.2.4*).
- 13.2.2 A back-row player may complete an attack hit at any height from behind the front zone:
- 13.2.2.1 at his/her take-off, the player's foot(feet) must neither have touched nor crossed over the attack line;
  - 13.2.2.2 after his/her hit, the player may land within the front zone (*Rule 1.4.1*).
- 13.2.3 A back-row player may also complete an attack hit from the front zone, if at the moment of the contact part of the ball is lower than the top of the net. (*Diagram 8*).
- 13.2.4 No player is permitted to complete an attack hit on the opponents' service, when the ball is in the front zone and entirely higher than the top of the net.

### **13.3 FAULTS OF THE ATTACK HIT**

- 13.3.1 A player hits the ball within the playing space of the opposing team (*Rule 13.2.1*).
- 13.3.2 A player hits the ball "out" (*Rule 8.4*).
- 13.3.3 A back-row player completes an attack hit from the front zone, if at the moment of the hit the ball is entirely higher than the top of the net (*Rule 13.2.3*).
- 13.3.4 A player completes an attack hit on the opponent's service, when the ball is in the front zone and entirely higher than the top of the net (*13.2.4*).

- 13.3.5 A Libero completes an attack hit if at the moment of the hit the ball is entirely higher than the top of the net (*Rule 19.3.1.2*).
- 13.3.6 A player completes an attack hit from higher than the top of the net when the ball is coming from an overhand finger pass by a Libero in the front zone (*Rule 19.3.1.4*).

## **14. BLOCK** \_\_\_\_\_ •

### **14.1 BLOCKING**

- 14.1.1 Blocking is the action of players close to the net to intercept the ball coming from the opponent by reaching higher than the top of the net, regardless of the height of the ball contact. Only front-row players are permitted to complete a block, but at the moment of contact with the ball, part of the body must be higher than the top of the net.
- 14.1.2 **Block Attempt**  
A block attempt is the action of blocking without touching the ball.
- 14.1.3 **Completed Block**  
A block is completed whenever the ball is touched by a blocker (*Diagram 7*).
- 14.1.4 **Collective Block**  
A collective block is executed by two or three players close to each other and is completed when one of them touches the ball.

### **14.2 BLOCK CONTACT**

Consecutive (quick and continuous) contacts may occur by one or more blockers provided that the contacts are made during one action.

### **14.3 BLOCKING WITHIN THE OPPONENT'S SPACE**

In blocking, the player may place his/her hands and arms beyond the net provided that this action does not interfere with the opponents' play. Thus, it is not permitted to touch the ball beyond the net until an opponent has executed an attack hit.

### **14.4 BLOCK AND TEAM HITS**

- 14.4.1 A block contact is not counted as a team hit. Consequently, after a block contact, a team is entitled to three hits to return the ball. (*Rule 9.1*)
- 14.4.2 The first hit after the block may be executed by any player, including the one who has touched the ball during the block.

### **14.5 BLOCKING THE SERVICE**

To block an opponent's service is forbidden.

### **14.6 BLOCKING FAULTS**

- 14.6.1 The blocker touches the ball in the opponents' space either before or simultaneously with the opponents' attack hit (*Rule 14.3*).
- 14.6.2 A back-row player or a Libero completes a block or participates in a completed block (*Rules 14.1.1, 14.5 & 19.3.1.3*).
- 14.6.3 Blocking the opponents' service (*Rule 14.5*).
- 14.6.4 The ball is sent "out" off the block (*Rule 8.4*).
- 14.6.5 Blocking the ball in the opponent's space from outside the antenna.
- 14.6.6 A Libero attempts an individual or collective block (*Rules 14.1 & 19.3.1.3*).

## *Chapter Five* **INTERRUPTIONS, INTERVALS AND DELAYS**

### **15. REGULAR GAME INTERRUPTIONS** •

Regular game interruptions are TIME-OUTS and PLAYER SUBSTITUTIONS. An interruption is the time between one completed rally and the 1st referee's whistle for the next service.

#### **15.1 NUMBER OF REGULAR INTERRUPTIONS**

Each team is entitled to a maximum of two time-outs and six player substitutions per set.

#### **15.2 REQUEST FOR REGULAR INTERRUPTIONS**

15.2.1 Regular game interruptions may be requested by the coach, or in the absence of the coach by the game captain, and only by them. The request is made by showing the corresponding hand signal (*Diagram 11.4 & 11.5*), when the ball is out of play and before the whistle for service.

*For FIVB, World and Official Competitions, it is obligatory to use the buzzer and then the hand signal to request time-out.*

15.2.2 A request for substitution before the start of a set is permitted, and should be recorded as a regular substitution in that set.

#### **15.3 SEQUENCE OF INTERRUPTIONS**

15.3.1 A request for one or two time-outs, and one request for player substitution by either team may follow one another, with no need to resume the game.

b) If the above redesignation occurs, the coach must appoint a new team captain. This is to be recorded in the remarks section of the scoresheet.

c) At the conclusion of the match, the original team captain is to sign the scoresheet.

19.1.4 Only one Libero may be on court at any time.

### **19.3.2    Replacement of players**

- 19.3.2.1 Replacements involving the Libero are not counted as substitutions. The Libero can only be replaced by the player whom he/she replaced.
- 19.3.2.2 *For FIVB, World and Official Competitions, the Acting Libero can only be replaced by the regular replacement player for that position, or by the second Libero. The regular replacement player may replace either Libero.*

The coach (or game captain, if no coach is present) must contact the second referee with the request for "re-designation". *(Also see Rule 19.3.2.1)*

19.4.2.2 Should the re-designated Libero be declared unable to play, further re-designations are possible but the original Libero(s) may not return to the match *(Also see Rule 19.4.2.1)*

Each one of them controls both the end line and sideline on his/her side (*Diagram 10*).

*For FIVB World and Official Competitions, it is compulsory to have four line judges. They stand in the free zone at 1 to 3 m from each corner of the court, on the imaginary extension of the line that they control (Diagram 10).*

### **27.2 RESPONSIBILITIES**

The signal has to be maintained for a moment and, if it is indicated with one hand, the hand corresponds to the side of the team which has made the fault or the request.

### **28.2 LINEJUDGES' FLAG SIGNALS (Diagram 12)**

The line judges must indicate with the official flag signal the nature of the fault called and maintain the signal for a moment.

## **29. VOLLEYBALL CANADA BLOOD POLICY FOR COMPETITION •**

### **29.1 BLEEDING**

If an athlete is bleeding and other participants are at risk of exposure to his/her blood, the athlete's participation in the match must be interrupted until the bleeding has stopped, and the wound has been cleaned with an antiseptic solution and securely covered.

A one minute technical time-out would be applied by the referee in order to rectify the situation and stop the bleeding before a legal substitution, exceptional substitution, or injury time-out would become necessary. The technical time-out is not charged to either team. The technical time-out may occur only once for the same player in the match. Record on the scoresheet under remarks.

#### **29.1.1 Legal Substitution**

If possible, a legal substitution would be used. The injured player may return to the set once the bleeding has stopped, and the wound has been cleaned and covered providing the return is legal. (*Rule 15.6*)

#### **29.1.2 Exceptional Substitution**

If a legal substitution is not possible then the referee would authorize an exceptional substitution. The injured player can not return for the remainder of that set. The injured player may play in subsequent sets providing the bleeding has stopped, and the wound has been cleaned and covered. (*Rule 15.7*)

#### **29.1.3 Injury Time-Out**

If an injured player can not be substituted, legally or exceptionally, the player is given a three minute recovery time in order to stop the bleeding and to cover the affected area. This may occur only once for the same player in the match. If the bleeding cannot be stopped, his/her team is declared incomplete. (*Rule 17.1*)

### **29.2 TEAM UNIFORMS**

All team uniforms soiled with blood must be either replaced or cleaned prior to the athlete resuming the competition. Uniforms are to be cleaned until the stain is completely removed.

#### **29.2.1 Domestic Competition**

If a replacement uniform is not available, a player with a jersey soiled with blood would be allowed to wear a different numbered jersey or to change jerseys with a player on the bench. The referee would change the number(s) of the player(s) involved on the scoresheet. The procedure to be used would be *Rule 15.6, Rule 15.7, Rule 17.1*, or a time-out.

- The one minute technical time-out applies.
- Record on the scoresheet under remarks.

**NOTE:** This rule also applies to the Libero player if the team has an additional Libero uniform that can be used.

# HOW TO CHECK THE DIMENSIONS OF THE COURT

Diagram/Fig. 13

## DEFINITIONS

**Competition Control Area:** The Competition Control Area is a corridor around the playing court and free zone, which includes all spaces up to the outer barriers or delimitation fence. (see diagram /fig 1a).

**Zones :** These are sections within the playing area (i.e. playing court and free zone) as defined for a specific purpose (or with special restrictions) within the rule text. These include Front Zone, Service Zone, Substitution Zone, Free Zone, Back Zone, and Libero Replacement Zone.

**Areas:** These are sections of the floor OUTSIDE the free zone, identified by the rules as having a specific function. These include Warm up Area and Penalty Area

**Lower Space:** This is the space defined at its upper part by the bottom of the net and the cord joining it to the posts, at the sides by the posts, and at the bottom by the playing surface.

**Crossing Space:** The crossing space is defined by: - the horizontal band at the top of the net; - the antennae and their extension;- the ceiling. The ball must cross to the opponent's COURT through the crossing space.

**External Space:** The external space is in the vertical plane of the net outside of the crossing and lower spaces.

**Substitution Zone:** This is the part of the free zone through which substitutions are carried out.

**Unless by agreement of FIVB:** This statement recognizes that while there are regulations on the standards and specification of equipment and facilities, there are occasions when special arrangements can be made by FIVB in order to promote the game of volleyball or to test new conditions.

**FIVB Standards:** *The technical specifications or limits as defined by FIVB to the manufacturers of equipment.*

**Penalty Area:** In each half of the competition control area, there is a Penalty Area located behind the prolongation of the end line, outside the free zone and should be placed a minimum of 1.5 metres behind the rear edge of the team bench.

**Fault :** (i) A playing action contrary to the rules. (ii) A rule violation other than a playing action.

**Dribbling:** Dribbling means bouncing the ball (usually as a preparation to tossing and serving). Other preparatory actions could include (amongst others) moving the ball from hand to hand.

**Technical Time Out:** This special mandatory time out is, in addition to time outs, to allow the promotion of volleyball by analysis of the play and to allow additional commercial opportunities. Technical Time Outs are mandatory for FIVB World and Official competitions.

**Ball Retrievers:** These are personnel whose job it is to maintain the flow of the game by rolling the ball to the server between rallies.

**Rally Point:** This is the system of scoring a point whenever a rally is won.

**Interval:** The time between sets. The change of courts in the fifth (deciding) set is not to be regarded as an interval.

**Caution:** A mild verbal reprimand given by the 1st referee to a game captain, concerning a late Libero replacement.

# SECTION IV

## Procedures

## GAME PROCEDURES

### A - BEFORE THE START OF THE MATCH

1. The referees check the net and the court.
2. The first referee calls the Captains and conducts the toss.
3. The first referee controls the team warm-up.
4. The second referee ensures that team rosters and lineups are submitted to the scorer. The number of the Libero (if used by the team) is to be recorded on the line-up sheet.
5. The first referee indicates the end of the team warm-ups. All players leave the court.
6. The referees and linejudges take up their positions.
7. The first referee requests the teams (the six starting players) to line up on the baseline. The first referee uses his whistle and a hand signal to direct the team members to enter the court and take up their positions. This applies to set one only. For all other sets, the teams will go directly onto the playing court.
8. The second referee will check the rotational order of both teams.
9. The second referee will hand the ball to the first server. If the three ball system is used, the second referee will give two balls to the ball retrievers and then give a ball to the first server. Using the three ball system, the second referee will only give the ball to the first server in set one and the deciding set.
10. The second referee will indicate to the first referee that he/she and the scorer are ready to start the match.
11. The first referee will authorize the first service (whistle and signal).

### B - DURING THE MATCH

1. At the end of each set, the six players from each team line up on the endline of their respective courts.
2. As soon as both teams are ready, the first referee uses his/her whistle and a hand signal for the teams to change court.
3. Once the players cross outside of the poles they may go directly to their bench without lining up on the endline and without being dismissed by the referee. Players may now gather at their bench and speak with their coach.
4. The interval between sets is 3 minutes. After two minutes and thirty seconds the second referee blows his whistle to direct the teams on to the court. For set one the teams line up on the baseline. For all other sets, the players go directly on to the court.

The second referee will then check that the six players for each team are the same as those registered on the line-up sheet.

The second referee will also check that the number of the Libero (if used by the team) is recorded on the line-up sheet.

After checking the team line-up, the second referee will authorize the Libero to enter the court.

When using the three ball system, the ball retriever will then give the server the ball. For the start of the deciding set the ball will be given to the server by the second referee (In matches not using a three ball system, the second referee will give the server the ball at the start of all sets).

At the three minute mark the first referee will authorize the service.

5. At the end of the fourth set (second set for a best of three match) the players line up on the baseline of their respective courts. At the direction of the first referee, the teams go directly to their team bench.

The Referees report to the scorer's table to conduct the toss.

The Captains report to the scorer's table for the toss.

The procedures for the interval between sets listed above (point 4) remains the same.

When using the three ball system, the ball will be given to the server by the second referee for the start of the deciding set.

6. During time outs the second referee asks the players to move close to the bench.

#### **C - AT THE END OF THE MATCH •**

1. At the end of the match the first referee signals the players of each team to go to their respective end line.
2. At the first referee's signal, the two teams greet one another near the net, leave the playing court, and walk to their respective player's bench.
3. Both referees (and linepeople) are to position themselves on the side line corresponding to the first referee and, after the greetings, report to the score table for administrative purposes.

#### **D - THREE BALL SYSTEM •**

The second referee will give the ball to the first server at the start of set one and the deciding set. During the other intervals between sets, time outs, or delays, the referee does not handle the ball. This procedure is used only when the three ball system is used. When the three ball system is not used, the second referee handles the ball for the intervals between sets, time-outs, and delays.

## TOURNAMENT RULES FOR COMPETITIONS

The following may be duplicated for all VC sanctioned and/or National Championship tournaments.

1. This tournament is sanctioned by Volleyball Canada.
2. All participants must be registered with Volleyball Canada and be able to show proof of registration.
3. **Playing rules of the tournament will be those of the current year's Volleyball Canada rulebook.**
4. **TIE-BREAKING PROCEDURES**

If two or more teams are tied at the end of the preliminary round, the following criteria will be applied, in order:

- a) The team having the best ratio of won/lost matches, considering matches between the tied teams, will be ranked higher;
- b) The team having the best ratio of won/lost sets, considering matches played between the tied teams, will be ranked higher;
- c) The team having the best ratio of won/lost sets, considering all matches of the round, will be ranked higher;
- d) The team having the best ratio of points for/against, considering sets played between the tied teams, will be ranked higher;
- e) The team having the best ratio of points for/against, considering all sets played during the round, will be ranked higher;
- f) As determined by the Organizing Committee (e.g. extra set, toss of coin, etc.).

When you apply this rule to break a tie you should follow this sequence:

- 1) When two teams are tied, the tie-breaking criteria are applied one after the other until the tie has been broken.
- 2) When three or more teams are tied, the tie-breaking criteria are applied one after the other until all the tied teams have been ranked.

NOTE: This means that if there is a tie among teams X, Y and Z and criteria "b" is able to determine X as first, Y as second and Z as third, then no further criteria are to be used. The tie is broken.

However, if criteria 'b' determines the seeding/ranking of any of the tied teams, then the remaining teams which are still tied will use criteria 'c' and so on to determine their seeding/ranking. Do not start at 'a' again. Continue through the sequence of criteria using the results of teams x, y, and z for criteria 'd'.

## 5. FORFEIT

All matches shall start on time as scheduled. Failure of a team to be ready to play at the scheduled game time will be penalized by the loss of the first set by forfeit. A further 15 minutes will be allowed before forfeiture of the second set. Forfeiture of the third set (if necessary) will occur after an additional 15 minutes. It is expected that every effort will be made to reschedule a match which might be forfeited because of unusual circumstances (i.e. transportation breakdown, etc.). In the event of a delay caused by a long previous match, teams will be allowed 10 minutes on the court for warming up.

6. The rule on uniforms will be strictly enforced. All team members must have identical playing shirts and shorts in good condition and according to the regulations.

COMMENT: Refer to Referees Guidelines or the Team Registration booklet for the procedure to be followed at Volleyball Canada National Championships.

7. VC's approved ball will be the official tournament ball and will be supplied by the Organizing Committee.

Air-horns operated with CO<sub>2</sub> cartridges or any other mechanical means are prohibited to be used at all Volleyball Canada events.

8. Any protest must be submitted to the Jury (protest committee) (e.g. Tournament Committee, Referee Supervisor, Volleyball Canada Representative) by the referees immediately and its decision will be final.
9. Any additional tournament regulations as deemed necessary by the tournament Organizing Committee will be distributed to the teams on the site.

## PROTEST PROCEDURES

Most tournaments are organized to allow the settling of a protest immediately, and the procedure is usually outlined in the tournament rules.

If the protest occurs during league play, or any other time a protest committee is not on the site, the referee must know how to handle the situation.

**THE REFEREE'S DECISIONS REGARDING BALL HANDLING FAULTS ARE NOT OPEN TO PROTEST.**

A captain may legally protest only AN ERROR IN APPLYING A RULE OR RULE INTERPRETATION. The captain must lodge the protest immediately to the first referee who will then indicate to the scorekeeper that a protest has been lodged. Once the match has ended, the captain must describe the incident on the scoresheet or on a paper to be attached to the scoresheet before he signs off the scoresheet. This record includes game number, score, ball possession and player position on floor at time of protested decision, and reason for protest. The protest is then referred to the appropriate higher authority (i.e. league executive, jury) for acceptance or refusal. Refusal means that the game or match result stands as played. Acceptance involves replaying of the event in whole or in part depending on the judgment and in the next available gym space as allocated by the DCC Jury member.

## JUDGES' CONFERENCE

At Canadian Championships, the procedure for a judges' conference can be used to rule on protests.

The judges' conference holds official authority to solve problems occurring during the game in order to correct an improper situation in accordance with Volleyball Canada rules and regulations.

Only the following circumstances are protestable:

- a) an improper decision by the referee who did not apply the rules or regulations.
- b) an improper decision of the scorer who made a mistake on the rotational order or on the score.

A referees decision regarding a playing action (ie. ball handling or a misconduct) can not be protested.

The protest will be accepted or rejected prior to the resumption of play by the tournament jury.

## DISCIPLINARY ACTION

Violations of VC's Code of Conduct/Protest and/or competition rules and regulations may subject the offending player(s), coach(es), official(s), manager(s), administrator(s) or team(s) to disciplinary action as outlined under "Penalties".

### **PROCEDURES**

All violations of the Code of Conduct/Protest which occur during or as a result of a VC National Championship shall be reported immediately to the on site Domestic Competition Committee (DCC) representative by the tournament director and shall be confirmed in writing. All violations will be investigated by the tournament jury.

NOTE: Code of Conduct violations incurred at provincially sanctioned events and involving persons from the jurisdiction in which the infraction took place should be handled in an identical manner by the region. VC's Executive Committee would act solely in the role of appeal.

All VC National Championships will be overseen by a jury which will be composed of:

- a) a member of the DCC or an approved designate who will act as chairperson of the jury.
- b) a representative of the National Championship Host Committee.
- c) a member of the National Referee Committee (NRC) or the Referee Supervisor.

The jury is the highest authority in all aspects of the competition. Its decisions take precedence and cannot be appealed on site.

The jury makes the final decision regarding complaints about tournament organization, results, technical matters, and breaches of the Code of Conduct, or any other related matter.

Any person having knowledge of, or making allegation in respect to, a violation of the Code of Conduct during or as a result of a VC National Championships, shall report verbally and in writing, the alleged violation to the Tournament Director and Site Coordinator or any member of the jury.

Upon receipts of the reports, the DCC representative will convene the jury to investigate the violation of the Code of Conduct.

- a) The tournament director or site coordinator shall determine the names and addresses of the alleged violator(s).
- b) The tournament director or site coordinator shall determine the circumstances of the alleged violation.

The DCC representative shall notify the alleged violator(s) that the jury will be convened immediately to conduct a hearing into the alleged violation and would take action accordingly.

The following steps will be taken:

- a) Notify both teams that there is a protest and hold both teams in the gym until the procedure is established.
- b) Chairperson of jury convenes the jury.
- c) The jury will interview and secure a statement from any witnesses to the alleged violation.
- d) If the violation occurred during a match, interviews will be held with the officials who conducted the match and with the coaches and captains of each team where necessary and appropriate.
- e) The jury will also interview and secure a statement from the person(s) accused of the violation.
- f) The jury would render a decision and possible penalty.
- g) The Chairperson of the jury would inform all parties concerned regarding the decision made. A full written report on the incident and the jury's decision would be completed at that time.

The DCC representative shall immediately transmit the written report to the DCC Chairperson who shall confirm in writing the receipt of the written report.

The DCC Chair shall examine the report of the Jury committee and may conduct further investigation as he/she deems necessary and prepare a record of the matter.

The DCC Chairperson shall forward to VC's National Office the report from the jury Committee and any supplementary report containing the details and recommendations of his/her own investigation.

## **HEARING**

All persons accused of a Code of Conduct violation must be given an opportunity for a hearing in the jurisdiction where the violation took place.

- At a national championship, this hearing will be held on site with the DCC designate conducting the hearing.
- In VC sanctioned events, the chairperson of the jury conducts the hearing. If an immediate hearing is not possible, the tournament director should collect all pertinent information and forward it to the DCC Chairperson for action.

## **NOTIFICATION**

Any person accused of a Code of Conduct violation must be notified in writing of the time, place and date of the hearing. Such person is entitled to an alternate date if for a good cause the original date is unacceptable. Should the accused person fail to attend the hearing, the person conducting the hearing may proceed and take the evidence of those in attendance. The hearing may accept or reject sworn statements provided by the witnesses.

## **RULINGS**

After hearing all of the evidence, the person presiding at the hearing may take whatever action he/she deems appropriate or may refer the matter to VC's President or Executive.

The accused person must then be advised in writing by VC's Director General of the "Notice of Ruling" taken and any penalties imposed, if it hasn't already been handled on site.

## **RIGHT OF APPEAL**

Any person who has been penalized may appeal to VC's Board of Directors who shall determine if a fair hearing was held and an equitable solution reached.

The decision of the Board of Directors shall be final. Any person desiring to appeal must notify the VC Director General in writing outlining his/her intention. Such appeal must be received in Ottawa within 60 days after mailing of the "Notice of Ruling" mentioned in "RULINGS" above. It is understood that any such appeal will be reviewed by the Board of Directors at their next meeting.

## **PENALTIES**

Penalties shall be at the discretion of the special commissioner or Executive Committee as outlined below.

- 1) Penalties imposed by VC may be in the form of a letter of censure, suspension, expulsion, fines, or a combination of these, or any other penalty considered more suitable depending on the offence.
- 2) VC may impose penalties directly, notifying the regional association of the actions, or may have the regional association impose a penalty.
- 3) An active member being considered for penalization shall receive 30 days notice of same, including reasons before any penalty is enacted.

## CODE OF ETHICS FOR REFEREES

This code is not intended as a moralistic prescription of desirable behaviour that would restrict the liberty of individual referees. Instead, it represents a list of positive recommendations based on a plan of conduct accepted by officials as a whole.

It, therefore, consists of statements resembling rules of behaviour or maxims which those involved with the rules of the game will find immediately acceptable and with which tacit compliance is expected.

The philosophy of refereeing is based on the reason for having a body of rules that may in turn be summed up in the following words:

“THE PURPOSE OF THE RULES IS TO ADMINISTER THE GAME AND PENALIZE A PLAYER(S) WHO GAINS AN UNFAIR ADVANTAGE OVER HIS/HER OPPONENT AS THE RESULT OF AN ILLEGAL ACTION.”

This realistic concept can serve as a basis for a uniform but intelligent application of the rules of the game, derived from the following main principles.

### FIRST PRINCIPLE

Coaches, instructors and players shall accept official interpretations of the rules governing their sport as published by the Canadian Rules of the Game Commission.

### SECOND PRINCIPLE

Officials are responsible for applying the rules of the game in accordance with the official interpretations and shall comply with the refereeing code adopted by the national refereeing commission.

### THIRD PRINCIPLE

Officials shall intervene in respect to actions that have in fact occurred and have been observed by them, and not on the basis of information received through third parties.

### FOURTH PRINCIPLE

The fairness of the official's decisions is based on an overall view of the situation and his/her past experience of similar occurrences.

### FIFTH PRINCIPLE

Except for situations in which a referee's specific authority is stated in the rules of play or in the refereeing code, all the officials shall make decisions on every punishable offence or fault observed by them in competitive play.

### SIXTH PRINCIPLE

Officials shall cooperate in developing discipline in the sport and in creating conditions for optimal player performance, without misinterpreting the rules of play and in an impartial manner.

Since refereeing is to be regarded as an opportunity for self-development and not as a means of working off individual frustrations, and since an individual acting as a referee should constantly be striving to perform to the best of his/her abilities, officials will, therefore, see their role in light of the spirit of the rules and will not attempt to use it to satisfy a craving for authority.

The official will be aware of and will accept that the only reason for his/her existence is to help the players have a good match.

With a view to entrenching this notion, the Board of Referees and its members have adopted the following principles.

**A - IN RELATION TO THE PLAYER** •

1. The official shall ensure that the player has a reasonable opportunity to perform to the best of his/her ability, within the limits of the rules.
2. The official's main concern shall be the player's safety. Any situation affecting this prime consideration of competition shall be avoided and/or terminated.
3. During the game, the official is required to supervise; he/she must take all reasonable steps to maintain a spirit of healthy competition. Accordingly:
  - a) He/she shall not permit intimidation of a player by other players or by team staff, either by word or action.
  - b) He/she shall not tolerate unacceptable conduct to officials, other players or spectators.
  - c) He/she shall avoid pointless discussions with players in a match situation; only team captains are authorized to address him/her.
4. In the heat of play the official, in his/her relations with players and team staff, shall make every effort to retain a presence of mind enabling him/her to direct the same with complete objectivity and the dignity required by his/her position.
5. When working in tournaments including novice players, the official shall accept the educational role expected of him/her and shall adapt his/her conduct to this particular aspect of the competition.
6. Away from the immediate environment of play, the official shall be open to discussion and contact with players, avoid any conduct suggesting self-importance, arrogance or sarcasm, show himself/herself receptive to constructive criticism and demonstrate due respect and consideration for different points of view and judgements.
7. Outside the court, the official shall conduct himself/herself in such a way that his/her relationship with players does not prejudice his/her subsequent work and the impartiality that must be obvious in it.

**B - IN RELATION TO THE COACH** •

1. The official's conduct toward the coach and any other team staff shall be governed by respect and courtesy.
2. In a match situation the official shall intervene as required in order to facilitate the work of coaches within the framework of regular procedures and the limitations of the rules.
3. The official shall prohibit any unacceptable conduct by team staff in their relations with officials, players, other team staff and spectators, and shall take action against any offence of this nature in accordance with the procedures provided in the rules.

4. Outside the match context, the official shall adopt an attitude conducive to positive dialogue and calm communication with team staff. He/she will make a special effort to listen to constructive criticism, having due regard to the uninhibited spirit of competition prevailing in these circumstances, and shall demonstrate the necessary sense of proportion if subjected to the personal abuse that may result from such a situation.

**C - IN RELATION TO OTHER OFFICIALS** •

1. Every official, in his/her relations with one or more other officials, shall consciously strive to create and/or cooperate in creating a friendly or at least pleasant working atmosphere governed by mutual respect, understanding, cordiality and, in particular, mutual encouragement.
2. In performing their work, the members of a team of referees coming together to officiate in a match shall strive to create this working atmosphere conducive to confidence, cooperation and communication, with a view to optimal performance as a group.
3. Every qualified minor or major official shall be accepted as a full member in a team of referees assigned to a match; the first referee shall ensure that this principle is complied with.
4. The first referee of a match shall take the action required to involve each member of the team or referees in the action and shall thank them at the end of the match.
5. When a particular situation is a difficult one for a referee to resolve and he/she is uncertain about his/her proposed solution, the official in question shall consult with the other officials with a view to finding a clearer solution.
6. The official shall accept the duties attached to the specific role he/she is required to play in a match and shall not attempt to transfer his/her responsibilities to other officials.
7. In a spirit of mutual help and development, each official shall accept the evaluation of other officials in the form of a review of a game. Such criticism shall be made in a spirit of honesty and received with all the attention due to it.
8. Experienced officials shall concern themselves with the development of less experienced officials by tactfully and clearly advising them as to how they may improve.
9. Every official shall refrain from public discussion of decisions of other officials and shall avoid criticizing or judging them impulsively at all times and in every situation, but particularly when wearing an official's uniform.

**D - IN RELATION TO HIS/HER WORK AND RESPONSIBILITIES AND HIS/HER GENERAL CONDUCT** •

1. The official shall make the necessary efforts to reach a high standard of competence, encourage the atmosphere conducive to the conscientious performance of his/her duties and contribute to preventing inadequate refereeing standards. The official shall accordingly:

- a) Not perform any refereeing duties under false pretences concerning his/her skills and qualifications, especially as regards the regularity of his/her registration with VC's Board of Referees.
  - b) Not accept any present, benefit or favour that might subvert or appear to influence his/her subsequent decisions or actions in the performance of his/her duties.
2. Every referee shall perform his/her duties at acceptable physical and functional levels. This includes the requirements that he/she:
- a) Take the necessary action to maintain physical condition sufficient to meet the organic and physical requirements of his/her duties.
  - b) Avoid performing duties if his/her faculties are significantly impaired by illness.
  - c) Rest sufficiently to be able to perform adequately.
  - d) Refrain from officiating while under the influence of drugs or alcohol.
3. When performing his/her duties, the official shall adopt an assured, dignified demeanour, in the knowledge that his/her actions as a referee should convey the sense of decorum inherent in the rules and procedures.

REQUIREMENTS CONCERNING PERFORMANCE OF THE REFEREE'S DUTIES:

- 4. Every official shall, while officiating, wear the uniform specified by Volleyball Canada and shall present a clean, well-groomed appearance personally and in his/her dress.
- 5. Each official shall seek to gradually acquire relevant experience and improve his/her skills, without attempting to progress too fast, by studying the rules, confirming any doubtful interpretation with the competent authority and by participating in training courses available to him/her, in a spirit of continuous learning.

PARTICIPATION IN COMPETITIONS:

- 6. The official must demonstrate complete reliability in relation to his/her commitments, fulfill them without exception and faithfully keep formal oral promises to officiate.
- 7. In accepting assignments to matches in a tournament, the official shall demonstrate goodwill with a view to a division of work that is fair to all parties. The official will therefore:
  - a) Be available throughout the tournament period.
  - b) Devote his/her full attention to each match in which he/she is involved.
  - c) Avoid making any conditions tending to limit his/her participation.

The above considerations apply to all situations not involving circumstances beyond the control of the individual in question.

INVOLVEMENT IN A MATCH:

- 8. An official's first concern shall be to maintain the unshakable and absolute integrity of the refereeing function, which should be especially evident in his/her most difficult decisions. In accordance with this consideration, the official shall:

- a) Not allow himself/herself to be advised or influenced by any player, team staff or spectator.
  - b) In his/her actions be free of all partiality or prejudice toward either of the teams involved.
  - c) Not make decisions with the intention of compensating for them in a decision concerning a subsequent unrelated situation.
9. The official shall demonstrate total commitment in the match situation and adopt an appropriate attitude in his/her considered and discrete actions. He/she shall, for example, AVOID:
- a) Excessive fussiness in his/her judgements and stopping the game for insufficient reason.
  - b) Dramatizing the seriousness of the events he/she is supervising.
  - c) Making himself/herself the centre of attention in the game, since his/her only reason for being there is because of the players and to assist them.
  - d) Noting the smallest details of a situation with a view to punishment.
  - e) Allowing the game to continue without intervening when necessary, or pretending not to see.
  - f) Taking the game lightly and not treating it seriously enough.
10. Through actions devoid of self-importance or arrogance, the official shall make a conscious effort to supervise play in a calm manner and make decisions without hesitation; this applies especially to difficult decisions, which he/she should announce decisively, without being inhibited by the importance of the situation.
11. The official should not, in an attempt to increase his/her standing or restore his/her reputation with a third person, seek to justify himself/herself or apologize in relation to difficult decisions made by him/her.
12. At the end of a match, after checking and signing the score sheet, the official shall quietly leave the court area without unnecessary delay.
13. A referee shall, while officiating, refrain from any public statement concerning matches in which he/she is involved, especially a prediction of the outcome of one of these matches.

**E - IN REGARD TO DISCIPLINE, GAME ADMINISTRATORS AND SPECTATORS •**

- 1. All officials who are members of the Board of Referees of VC shall be expected to act as fitting representatives of volleyball and of VC.
- 2. An official shall honour his/her word in regard to agreements made with VC and its representatives and fulfill his/her commitments in the agreed capacity as a referee, clinician, official, in charge of a specific task or any other duty specified.

3. Officials shall cooperate in developing volleyball and shall participate through their practical and moral support, to the extent that their skills, interests and availability allow, in building a solid and forward-looking organization.

These goals include an obligation on officials to:

- a) Contribute to the development or dissemination of training and development programs.
  - b) Become involved with the work of the various administrative authorities or accept and encourage their work.
  - c) Help with or take an interest in the physical arrangements for sporting or administrative events.
4. Officials shall act in their manners and language display a reserved and dignified attitude to spectators of volleyball, but shall also show due courtesy and respect.
  5. In all situations not specifically covered in this document, officials shall act in accordance with the spirit of the Code of Ethics and the philosophy and guiding principles of refereeing.

## HOW TO BECOME A REFEREE IN VOLLEYBALL

Volleyball referees in Canada are governed by policies set forth by VC through the National Referee Committee which in turn works in close co-operation with Regional Officials' Chairpersons in each Region of the Association.

In order to become a "LOCAL" volleyball referee, an individual proceeds as follows:

- a) Studies and learns the rules of the game;
- b) Avails himself/herself to call practice games and matches between school, club or other teams, in order to gain some practical experience;
- c) Attends a referees' clinic sponsored by the Regional Association;
- d) Submits to written and practical examinations set up by the Regional Officials' Chairperson.

If successful, the referee is rated as a "LOCAL" Referee and should make himself/herself available to officiate different types of volleyball matches as frequently as possible.

The next level of officiating is "PROVINCIAL". This usually requires at least one year of experience at the "LOCAL" level and a demonstrated advanced knowledge of the rules.

The next stage of qualification of an official is a "REGIONAL" Referee, which entails the following:

- a) Being active as a Provincial Referee for at least one full season;
- b) Attending a Regional Referees' Clinic;
- c) Written and practical examination for a Regional referee's certificate;
- d) Approval by National Officials' Committee.

If successful, the official is rated as a "REGIONAL" Referee of VC.

The next level is qualification as a "NATIONAL" Referee, which requires:

- a) Being active as a Regional Referee for at least two years;
- b) Recommendations of the Regional Officials' Chairperson for upgrading, based on activity, qualification and personal abilities;
- c) Keeping the National Referee Committee advised of assignments at major tournaments as specified.
- d) Attending the National Theory Clinic by the VC Referees Committee;
- e) Submitting to a written and practical examination administered by the National Referee Committee at the National Evaluation Clinic;
- f) Approval by National Referee Committee.

If successful, the official is rated as a "NATIONAL" Referee of VC. To maintain this status, the official must remain active and submit for re-evaluation at regular intervals, as prescribed by VC's National Referee Committee.

Additional information and details on procedures and requirements for becoming a certified volleyball official may be secured from the Regional Officials' Chairperson or from the National Referee Committee Chairperson.

The highest qualification for a referee is the "INTERNATIONAL" rating. The requirements include:

- a) Being active as a National Referee for a number of years;
- b) Recommendation of the National Referee Chairperson for upgrading, based on activity, qualification and personal abilities;
- c) Attending a ten day International Referee Course;
- d) Submitting to written and practical examinations administered by a member of the International Arbitrations Commission;
- e) Satisfactory officiating as first Referee, under observation, of seven international matches, within three years of the Referee Course;
- f) Has not reached his/her 41st birthday.

If successful, the official is rated as an "INTERNATIONAL" Referee of the FIVB.

## INDOOR VOLLEYBALL COED RULE VARIATIONS

All of the rules outlined in the Volleyball Canada Rulebook apply to Coed Indoor Volleyball except where specific modifications, outlined below or specified by the event organizer, differ from them. In these cases, these rule modifications take precedence.

### 1. **COED 6'S**

All VC rules are in effect except as follows:

- a) Team Composition:  
3 men and 3 women are on the court at all times.
- b) Net Height:  
Men's net height is used (2.43 m).
- c) Substitution:  
May only substitute players of the same sex (ie. men for men and women for women).
- d) Uniform:  
Uniform tops must be matching and have a number, and all shorts must be the same colour.
- e) The Libero Player:  
Each team may identify one Libero. The Libero (male or female) can only substitute with a player of the same sex (i.e. men for men and women for women). The Libero (male or female) may change every set. See *Rule 8.5* for Libero regulations.

### 2. **COED 4'S**

All rule variations are the same as for Coed 6's except as follows:

- There must be 2 men and 2 women on the court at all times.
- There is no distinction between front and back row.  
(ie. Any player may attack and block.)
- A service order must be established and maintained.

### 3. **REVERSE COED 6'S AND 4'S**

All rule variations are the same as for Coed 6's and 4's except as follows:

- Women's net height is used (2.24 m)
- Men must hit from behind the attack line.

### 4. **RECREATIONAL VARIATIONS**

The following other rule variations may be used for all Coed play (ie. Coed 6's, 4's and Reverse Coed) if desired by the event organizer to promote participation:

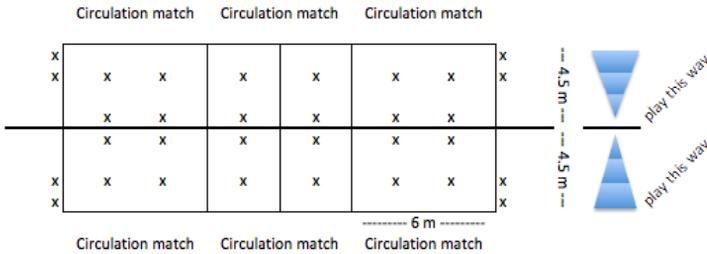

- A required starting rotation that alternates men and women.
- Net height may be lowered to midget men's height (2.35 m) in Coed 6's and 4's.
- In Coed and Reverse Coed 6's, teams may continue to play with 5 players when injuries occur.
- Unlimited number of substitutions allowed. (However, men for men and women for women.)
- Substitution for the server in each rotation before they have served.  
(Men for men, women for women.)
- Timed games - games played to a time limit instead of a score limit.
- In terms of uniform, players on the same team may have different shorts and tops as long as a number appears on each top.

## AGE GROUP VARIATIONS

**Circulation Volleyball is the Volleyball Canada endorsed official competition format for Canadian regions offering 6-8U age competitions (gr. 1-3).** Officials are not used for competition. Teachers, coaches and volunteers support the implementation of the rules and enjoyment of the game.

**Equipment:**

1. Mini Volleyball Tachikara OTB10 volleyballs are recommended. Visit [www.volleyball.ca](http://www.volleyball.ca) to order.
2. Court: 6m x 9m full court (6m baseline, 4.5m sideline per half court). Modify existing courts as necessary.

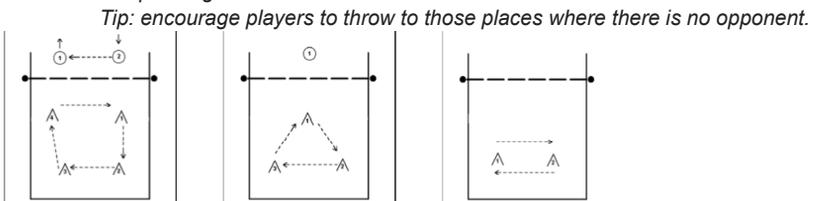

3. Net height of 2m. Standards and one or more badminton or volleyball nets to extend across the courts.
4. Standard badminton courts and nets can also be used to create the court dimensions (i.e. floor tape).

Visit [www.vcdm.org](http://www.vcdm.org) > Teachers > Circulation, for future examples of court set up

### Stage 1 (grade 1)

1. 4 on 4. Any extra players form a line off the court. Players catch and throw the ball over the net and try to get their opponents to misplay the ball or ground the ball on their opponent's side of the net.
2. To start and resume the game:  
Any player on either team tosses the ball over the net from any area on the court. The ball may hit the net while crossing to the opponents' side.
3. When a teammate throws the ball over the net, the whole team rotates one position clockwise (with the exception of after the serve). Below are the three examples of the movement required after the ball is tossed over the net.  
*Tip: Coaches call out "rotate" to remind players.*  
*Tip: encourage players to throw the ball immediately after it is caught to create a fast paced game.*

4. If the ball is mishandled (i.e. dropped, thrown out of out of bounds or into the net), the player leaves the court and forms/joins a line beside the court. When the ball contacts the floor, the player who is closest to the ball leaves the court.  
Tip: encourage players to decide who was closest to the ball by a) rock/paper/scissors, or b) volunteering.
5. When a player from “Team A” catches a ball that comes from “Team B”, the first player waiting in the line off the court from “Team A” returns to the game (and fills in where needed).  
Note: This creates a cooperative atmosphere and player interdependence.
6. The ball must be thrown over the net each time (one contact). No walking with the ball. Players may not throw the ball to a teammate unless they are too far from the net, then it is encouraged.
7. When “Team A” loses all their players (no players left on the court), “Team B” wins a point. Next, all players return to the court and the game begins again. Timed games of 10-minutes, Jamboree style competition (all teams play one another with an emphasis on placing similar skill groups together). No points are recorded and no playoffs are used.

**Always encourage players to play the ball the special way**

- Toss the ball with the arms outstretched (similar to arm position for a forearm pass).
- Push the ball from over the head (from a similar position and using a similar movement to the overhead pass).
- Throw the ball with one hand above the head (the basic movement for the spike)

**Stage 2 (grade 2)**

All rules listed in Stage 1 apply, with the exception of the following modifications:

1. To start and resume the game:  
Any player on either team underhand serves the ball over the net from any area on the court. Players may reposition themselves to serve successfully.
2. The ball must be thrown over the net each time (one contact). Players may not throw the ball to a teammate.
3. a) When “Team A” catches a ball that comes from “Team B”, three times in a row, the first player waiting in line may return to the court.  
  
b) When a player succeeds in forearm passing the ball from an opponent and the same player can catch his own pass, all players may return to the floor.

**Stage 3 (grade 3)**

All rules listed in Stage 1 apply, with the exception of the following modifications:

1. To start and resume the game:  
Any player on either team underhand serves the ball over the net from any area on the court. Players may NOT reposition themselves to serve. Serving errors result in the player leaving the court.
2. When a child forearm passes the ball and a teammate catches the ball, the first

player in line may return to the court. Or if there is one player, this player may forearm pass the ball and catch it himself.

3. Every ball, with exception of the forearm pass to a teammate, must go directly over the net.

If players have not experienced a previous stage, the coach may determine the starting stage.

**Atomic Volleyball is the official competition format for Canadian regions offering 9-12U age competitions (gr. 4-7).** Officials are not used for competition. Teachers, coaches and volunteers support the implementation of the rules and enjoyment of the game.

Equipment:

1. Tachikara Volley-Lite™ volleyballs are recommended. Tachikara Mini-Volley yellow volleyballs can also be used.
2. Court: badminton court (doubles lines: 6.10m x 13.40m) or modify as necessary
3. Net height of 2m. Badminton or volleyball standards. Badminton or volleyball nets.

### **Stage 1 (grade 4-5)**

1. 4 on 4. Standard volleyball serving, rotation and scoring (rally point) procedures. Extra players are obliged to rotate into the game at the service position. Underhand serves only.
2. Three (3) compulsory passes before directing the ball over the net, or a replay occurs. The second contact must be a smooth, non-stop, catch-throw movement. This movement can be done in three (3) ways.
  - a) With extended arms tossing in a forward direction
  - b) With extended arms tossing in a backward direction
  - c) Catch the ball with extended arms above the head (setting position), bending knees and pushing upwards.  
*Tip: encourage players to play the ball “to the net” (to position 2), “along the net”, and “over the net”.*
3. The team winning the rally earns one (1) point and initiates the next play by underhand serving. Maximum of three (3) serves before rotating to the next server.
4. Timed games of twelve (12) minutes, Jamboree style competition (all teams play one another, with an emphasis on placing similar levels of teams together). No points are recorded and no playoffs are used.
5. Tripleball sequencing is to be used for all competition when possible. \*See tripleball rules.

### **Stage 2 (grade 6-7)**

All Atomic Stage 1 rules apply with the exception of the following modifications:

1. No amount of compulsory passes before directing the ball over the net required, but is encouraged.

2. All contacts are volleyball skills.

If players have not experienced a previous stage, the coach may determine the starting stage.

**Tripleball is the official competition format for Canadian regions offering 13U age competitions.** It is recommended that tripleball be played during the first half of the season in the 14U age category when a 13U age category does not exist. The goal of tripleball is to promote better skill development, participation, meaningful competition, and fun.

Overview of the Tripleball Sequence:

- a) The game follows a sequence of three rallies (service, tossed ball 1, tossed ball 2).
  - \* 1st rally – introduced by the server
  - \* 2nd rally – tossed ball given to the receiving team
  - \* 3rd rally – tossed ball given to the serving team
- b) The service rotates between teams after each three-ball sequence.
- c) A team must rotate and introduce a new server when it is their turn to serve.
- d) Every ball introduced is worth one point.

Tripleball Rules:

- a) Switching to a different position from your service order during a rally is NOT ALLOWED.
- b) Each rotation will have a different designated setter. The player in position #3 or #2 in service reception will be the designated setter; this position must be noted on the score-sheet by the coach.
- c) Fair Play substitutions rules apply.
- d) Time-outs cannot occur during a 3-ball sequence.
- e) Athletes must play the tossed ball with a forearm pass, otherwise a replay will occur.
- f) Athletes cannot intentionally send the tossed ball over the net, otherwise a replay will occur.
- g) All other standard volleyball rules not listed above continue to apply.

\*Recommendation for officials to use an elastic band to keep track of serving order

Guidelines for Tossers:

- a) The Head Coach, Assistant Coach or a competent volunteer may be the “Tosser” and introduce balls to their own team.
- b) Balls are tossed underhand with two hands, with little to no spin and above the height of the antennae to allow athletes time to play the ball.
- c) The Tosser can step into the court to introduce the ball but must immediately move a safe distance away from the court after the toss.
- d) The free ball must be tossed directly to the athlete in position six, otherwise a replay will occur.
- e) The free ball will be introduced when the front row players are at the net and ready to transition; the Tosser verbally cues the athletes by calling “Free Ball”. Tossers encourage a fast paced transition between an end of a rally and the next toss.

## Volleyball Canada Information

## HISTORY OF VOLLEYBALL

Volleyball was born into the world of sports in 1895 when William Morgan, director of the YMCA in Holyoke, Mass., was casting about for a “new diversion” to supplement his organization’s physical education program.

He took as his basis the then popular German game called “Faustball” but reworked the rules considerably to give the new sport tighter competitive values.

In 1900, volleyball crossed the border to Canada’s YMCAs and regular inter-city competitions were staged in Ottawa, Montreal and Toronto.

From then on it was all downhill with the International YMCA movement spreading the popularity of volleyball throughout the world.

By the end of World War II, interest in the game had grown so much that the International Volleyball Federation (FIVB) was formed as governing committee for more than 120 national federations.

The FIVB is now responsible for the organization of international championships, the adopting and improvement of rules of play, the instruction and certifying of referees and coaches and the general promotion of the game on a worldwide scale. It is the largest international sports governing body in the world, with 220 affiliated Federations.

Volleyball was officially accepted into the Olympics in 1964 at the Tokyo Olympic Games.

The immense popularity of volleyball is reflected in a survey taken in 1970 for the International Olympic Committee. It showed that volleyball and basketball were running neck and neck with approximately 65,000,000 players registered as active in each sport. Today, the FIVB estimates that there are over 500 million participating athletes in the sport worldwide.

## HISTORY OF VOLLEYBALL CANADA

Five years after its inception in 1895, volleyball made its first appearance in Canada when an Ottawa branch of the YMCA included it in its schedule. The sport caught on, and soon spread to YMCAs in Toronto and Montreal. These centres conducted various tournaments, which were, for a long time, the only organized manifestations of the sport in Canada. While the sport spread throughout the U.S., Russia and the Orient before the First World War, it lay relatively dormant in Canada. With the creation of the Federation Internationale de Volleyball (FIVB) shortly after the Second World War, the sport gained international recognition.

Canada joined the FIVB in 1953, the same year the Canadian Volleyball Association was founded. Gordon Odell served as interim president before Wes McVicar took over as the association's first president. The current president, Hugh Wong, oversees an organization of over 80,000 members. Renamed Volleyball Canada (VC), the Association has its headquarters in Ottawa, Ontario. When founded, VC was divided into three regions - Ottawa, Toronto and Montreal. Today, the regions are drawn along provincial/territorial lines and take in the whole of Canada.

Canada's first international experience in the sport took place in 1959 at the Pan-American Games in Chicago. Today, the Canadian teams strive to qualify for all of the international tournaments for which they are eligible.

Since 1976, both the Men's and Women's Indoor National Teams have participated in the Olympic Games and the World Championships on several occasions. The best result for both the Men's and Women's teams was achieved at the 1984 Olympic Games in Los Angeles where they finished 4<sup>th</sup> and 8<sup>th</sup> respectively.

In 1998, Volleyball Canada became the umbrella organization for the national disabled volleyball program, a program that has had continued success since this partnership. The National Men's Standing Disabled Volleyball Team won the silver medal at the 2000 Paralympic Games and brought home Volleyball Canada's first gold medal at the 2002 World Championships in Poland, and went on to defend its title in 2004 and 2006.

Volleyball Canada initiated a sitting volleyball program in 2006-07, which has seen success at both the grassroots and national team levels. The men's team won the bronze medal at the 2007 Parapanamerican Games. At the 2010 World Championships, the men's team finished 16<sup>th</sup> and the women's team, 13<sup>th</sup>.

Full results for all indoor National Teams can be found further in this section of the rule book.

## COACHING CERTIFICATION

Volleyball Canada in conjunction with the Regional Associations and the Coaching Association of Canada offer coaching certification courses at Levels 1-3 with each province being responsible for the actual administration of these courses. For each level the candidate must complete Theory, Technical and Practical components as outlined in the chart below. For further information on or application for Levels 1-3 please contact your Regional Coaching Chairperson and/or your Provincial Association.

In addition to these three foundation levels, VC through the Master Coaches Committee also offers Levels IV, V and Master Coach certification. These programs are designed for the experienced coach who is looking to work at the elite level both nationally and internationally. Further information on these programs and application procedures can be obtained through the National Office, from VC's Technical Director.

A Coaching Certification Syllabus detailing requirements and program structure for Levels I through V and Master Coach is available free of charge from the National Office. The following chart gives the basic outline of the requirements for the various levels of certification.
